- 7: Statement of Service Performance
- 17: Covid-19 Statement

Summary

18: Financials

Cover image: *Peter Bush, John Clarke/Fred Dagg, (detail),* Collection of Te Manawa, Courtesy of the Bush Family. All rights reserved

Te Manawa acknowledges the people of Rangitāne. We are thankful for the ongoing guidance of mana whenua and are grateful for the continued support of Palmerston North City Council, the people of Palmerston North City, Manawatū, and our founding partners.

The twelve-month report encompasses activity undertaken in the period 1 July 2023 – 3 June 2024 and reports against agreed objectives as set in the annual Statement of Intent.

"Whakatō ngā kakānō o te ao marama, kia puawai." Plant the seeds of tomorrow through the stories that we share.

Strategic objectives:

- 1. Innovative experiences that engage visitors
- 2. Enhanced learning and development
- 3. A collaborative and future-focused organisation

Baseline results:

| Performance Measures | 23/24 Target | Status | Comment |
|--|--------------|-----------|--|
| Visitation Baseline (Physical visits to the Te Manawa complex) | 130,000 | 137,172 | 106% |
| Outreach (TM experiences offsite) | 30,000 | 6,277 | 21% Lower than projected due to lack of outgoing touring exhibitions. |
| Online engagement | 90,000 | 74,335 | 83% Lower than projected due to staff vacancies (new staff have since been appointed) |
| External Revenue Target | \$510,250 | \$639,461 | 125% - Achieved |
| Visitor Satisfaction | 95% | 98% | |

Chair and CEO Report

Te Manawa Museums Trust | Hongongoi July 2024

Last year, Te Manawa adopted a new vision statement: "Whakatō ngā kakānō o te ao marama, kia puawai." Plant the seeds of tomorrow through the stories that we share.

This vision emphasises a renewed focus on storytelling through our key disciplines of art, science, and heritage – ensuring that our collections live through the sharing of our history and identity. It also ensures that Te Manawa, as a museum and gallery, honours its roots while remaining firmly focused on the future.

It's safe to say that a number of seeds were planted this year.

With support from Palmerston North City Council and the New Zealand Rugby Museum, the Trust acquired the Peter Bush Archive - a photographic legacy of one of Aotearoa's most prolific photographers, whose images capture the beating heart of who we were, and are, as a nation. This significant archive is at home in a regional museum that prides itself on its connections and storytelling. Te Manawa is uniquely placed to preserve Peter's work for generations of New Zealanders to come, through its geographical and professional connections, and by embodying the very grassroots ethos that makes Peter's work so personal and full of the Kiwi character that only a special eye can capture.

We celebrated the work of Sculptor Paul Dibble, who was sadly unable to attend his lifetime's final exhibition and will be sorely missed. We wish to acknowledge those who trusted us with their works in the exhibition, which honoured his extraordinary career. Paul was a true pioneer with a magic spark that will continue to touch landscapes from Palmerston North to Hyde Park Corner and we remain indebted to his talent and vision.

We lost both Peter Bush and Paul Dibble last year, and we are grateful to have enduring connections with their families. With their support, we continue to honour their legacies. Moe mai rā kōrua. Ngā mihi aroha.

A renewed exhibition programme featured exhibitions that celebrated local talent along with a stronger focus placed on our collection. Architect Brian Elliot's commanding designs were given new light in an exhibition that showcased the art in his architecture and recognised the unique qualities of his buildings that make them such identifiable landmarks.

The connections we forged with artists and businesses this year saw engagement with our work grow in very tangible and meaningful ways.

This year, Te Manawa exceeded its external revenue targets, a testament to the relationships we've built and the dedication of our staff who work so hard, often on a shoestring, to bring unforgettable experiences to the people of our region.

Santa's Cave saw a record turnout of nearly 18,000 visitors, while the Art Gallery also went from strength to strength with more than 20,000. Our overall visitation was steady and met targets, bolstered by the arrival of "Six Extinctions" from Australia.

"Six Extinctions" had a 15-week run that attracted more than 35,000 visitors throughout the summer and is estimated to have contributed more than six million dollars to the local economy. More than a third of our attendees were drawn to the region specifically for the exhibition, with many choosing to extend their stay.

We introduced our visitors to creatures like the awe-inspiring Tyrannosaurus Rex and were also able to add items from Te Manawa's own collection, including a moa skeleton and plaster casts of moa

footprints found at the Manawatū River. This allowed us to enrich the experience further and let visitors to get hands-on with a piece of local history.

We continue to offer our learning programmes free of charge to local schools and have strengthened our relationship with Rangitāne through Mātauranga Māori learning programmes.

We now meet regularly with the iwi leadership group Te Whirikōkō and have provided professional development opportunities for staff in museum tikanga and Te Tiriti o Waitangi. Among our aspirations for the coming years is to have more visible and meaningful integration of Te Ao Māori throughout the museum – vital for all organisations, but particularly for cultural institutions.

We've hosted interns from Victoria University, Massey University and IPU, as well as showcasing the work of Māori Visual Artists from Toioho kī Āpiti and BCM students from UCOL.

A new management team and organisational structure were adopted last year, and during that time, they have worked extensively on a new revenue strategy, visitor experience strategy and an ambitious roadmap to 2030. The Te Manawa Museums Trust Board also has seen a number of changes this year.

Adrian van Dyk has accepted the role of Chair following Caroline Tate's departure in February. The Board also farewelled Evan Greensides. New members appointed are Carol Thum, Simon Barnett, Sarah Rusholme, and Gillian Lawn.

COVID-19 continues to present challenges through ongoing service delays, visitation impacts during heightened case numbers, and our ability to maintain staffing levels. There is no sign of this slowing down, but our ability to meet these challenges has become a part of our 'business as usual' planning.

A review of our systems was completed, leading to paper-light ways of working, more integrated and collaborative office spaces, and more efficient use of technology to boost our capability across all departments. As we seek to grow our reach, secure investment, and create spaces and experiences that add new layers to the way our people engage with us, it is important that we are proactive, responsive, and nimble in every possible way.

We are accustomed to adapting. Adaptation is evolution. It is also survival – and we're very honest and realistic about the challenges faced in our sector. Arts and cultural institutions are essential to the well-being of communities, though sometimes seen as a 'nice to have'.

As our peers in other centres fight to keep the lights on, it has not been lost on us that our unique position as one of very few to avoid significant cuts in this current economic climate is something to be both proud of and thankful for.

Our sincere appreciation goes to our founding societies of Te Manawa. Their support as advocates and ambassadors for Te Manawa, and their guidance, are crucial to the Museum's success.

Our gratitude goes to Council, our core funder, for their support and guidance. Sincere thanks to our fellow Council Controlled Organisations: the Globe Theatre and the Regent on Broadway; the New Zealand Rugby Museum; Manawatū District Council; Manawatū Chamber of Commerce; Sport Manawatū; Massey University; UCOL; IPU; and our many supporters and sponsors.

Our team is made up of hard-working, passionate and dedicated professionals. They are a special and eclectic breed of people who care deeply for Te Manawa and the community it serves.

Our community has told us that they value the ways in which we invite, inspire, and reflect them, and that they feel valued and welcome when they spend time with us.

Our supporters are generous and understand the positive change we influence in our people – through education and expression that strengthens our sense of who we are and what is important to us all.

Through the inclusion of funding and a shared aspiration for a new cultural precinct being adopted into the City's long-term plan, Palmerston North City Councillors have given a vote of confidence in the work we do and our forward direction. We are grateful for that confidence.

We will not shy away from identifying the challenges that lie before us. Ageing infrastructure and shrinking resource pools are a common consideration for many of us. The knowledge that we can meet those challenges together will hold us in good stead to carry on.

Our future is undeniably ambitious, but our people deserve nothing less than that ambition.

Kia ora rawa atu. Ngā manaakitanga

Adrian van Dyk Chair

Susanna Shadbolt Chief Executive

Statement of Service Performance

1. Innovative experiences that engage visitors

| Performance Measure | Status | Comments |
|---|----------|---|
| Work in partnership with Rangitāne in the development of exhibitions, learning resources and programmes within the Museum with a focus on embedding biculturalism in everything we do. | Achieved | Refresh of the Te Rangi Whenua gallery was completed with support from members of Rangitāne – including new lighting, ceiling repaint, entry signage and displays of taonga linking to the Mātauranga Māori curriculum. |
| | | There is ongoing kōrero around learning programmes. We highlighted our recently developed programmes at the Lucy MacIntosh workshop for new teachers during Local Heritage Month in March 2024 (Te Manawa Museum Society and Local History Week Workshop 2024 - Objects and Place in the Aotearoa NZ Histories Curriculum). |
| | | Katarina Gray-Sharp started as "Amorangi" in May, providing cultural advice regarding tikanga, and supporting Te Manawa in the development of its strategic objectives in this area. |
| Engage with, and enable participation by, the city's less-represented communities. | Achieved | We have successfully relaunched NOA, an inclusive art initiative that creates a safe environment for people with different needs. |
| Collaborate with PNCC for the New Migrant Welcome. | | Te Manawa hosted the New Migrant Welcome on 2 September and 5 July with Palmerston North City Council. Te Manawa has reinstated after-school art classes at a very affordable rate, encouraging uptake across the community. |
| Provide at least two extra-curricular learning-based activities for children of these communities. | | An after-school "Hands on Science" session in partnership with the Multi- Cultural Centre was held in June. |
| | | Yorb Cosmodome programmes on Puanga and Matariki were delivered to Highbury Whānau group in June. |
| | | The Yorb Cosmodome was loaned to educator Āwhina Twoomy who provided a learning opportunity at her marae in Halcombe and a Whanganui kura in June. |

| Investigate and plan development of a Pūtaiao Science Space with designs and concepts finalised to initiate budget, fundraising and sponsorship. | Achieved / Ongoing | In late September a Science Curator was appointed who is leading the concept development for the Science Centre. A draft business plan was completed in June. |
|---|--------------------|--|
| Investigate and develop partnership and collaboration opportunities. | | Discussion with Science Centre Inc has indicated that they have a strong desire to collaborate with Te Manawa on the Science Centre project. Concept of an ongoing science function close to being finalised. It includes a Science Centre and a dedicated Education Space. We are in the process of recruiting a project manager to oversee the delivery. |
| Begin discussions with other museums/venues to collaborate on the development of new, shared touring interactives in Science and Heritage. | Achieved | Ongoing research, discussions and collaboration around sharing interactives and touring exhibitions with other museums and venues. This has led to hosting ACMI's <i>Codebreakers – Women in Games</i> and Otago Museum's <i>Tuhura Tuarangi -</i> <i>Aotearoa in Space</i> during September and October. From December to April the highly successful <i>Six Extinctions</i> international tourer (with support from PNCC and local businesses) During the next few years, we will focus our resources on developing the Science Centre and an ongoing science function. However, ongoing networking and discussions will continue with our colleagues nationwide to share and host (interactive) experiences. |
| Develop and begin to implement an annual calendar of activity to activate additional engagement through events and outreach with a focus on partnership with other organisations. | Achieved | School Holiday Programmes throughout the year are connected with significant dates (Matariki) and touring exhibitions from other institutions. Christmas events included an annual collaboration with Manawatū Business Chamber to host the Business After 5 Christmas Party. We continue to support PNCC events, offering activities at the Puanga Festival, Palmy Play Festival and Heritage Week. |

| | | We hosted the Night Market at the Museum in August in partnership with Palmy Bid, attracting 1,600 attendees. The Halloween Fright nights and Tamariki Trails (in partnership with Linton Community Group) attracted 1,971 attendees across four nights and provided a safe alternative to trick or treating. NOA inclusive art sessions restarted in Term three attracting higher numbers with the change to a morning session and through strong links to Awatapu College and support organisations. Highbury Weavers have reinstated a regular schedule to engage with public. Discussions are underway with NZ Police to hold Blue Light Disco events. Worked with Te Manawa Art Society to develop regular programmes in the Art Gallery, including talks by artists and collectors (Ron Te Kawa, Pip Steel, Paul Dibble, plus Heritage Week talks Paul Dibble, We come from the Earth, |
|--|----------|---|
| Provide access to our collections through exhibitions, offsite displays, Collections Online and other digital projects and public programmes, this will include a cycle of exhibitions of new acquisitions. | Achieved | Look. Smell. Feel). He Ara Whāriki, presenting the work of graduating students and tutors of the Maunga Kura Toi weaving programme at Te Wānanga o Aotearoa was installed on 13 October. New Acquisitions on display until 24 October. Matariki-themed objects displayed in Manawatū Journeys for Matariki (22 June to 27 July). Bones for Halloween (24 October to 8 November). A Waka Huia shown for a School Visit (16 September) and shells for a family visit (16 September). A small moa skeleton, restored huia taxidermy and moa footprints were added to the 'Six Extinctions' touring exhibition (from Australia) ensuring local content. Five Paul Dibble sculptures featured in his survey exhibition Paul Dibble: Continuum. We Come From the Earth |

| | | Japanese collection items on display in the Art Gallery in connection with <i>Boro: Timeworn textiles of Japan.</i> Raranga items from the collection displayed in Manawatū Journeys, supporting the Te Wananga o Aotearoa collection. ANZAC display featuring heritage objects – April. Local Sport Stories display – June. We added 344 items to collections online this year. Currently, there are 5,687 items online. (A further 400 items have been processed and are loading through the system queue during user idle times.) |
|-----------------|----------|---|
| anced, nging | Achieved | Art Gallery 1. Sandy Adsett – Toi Koru 2. Richard Wotton – Overlooked Ordinary 3. Top Art 4. Brigham Anderson – Te Whare Tukutuku 5. Brian Elliot – 55 Years of Architecture 6. Paul Dibble: Continuum 7. Toioho kī Āpiti - Māori Visual Arts 8. Sweet & Sour – UCOL/Te Pūkenga BCM 9. Rita Angus – New Zealand Modernist 10. We come from the earth (collection-based exhibition) 12. Boro: The timeworn textiles of Japan (featuring complimenting display of collection items) 13. Maungarongo Te Kawa – Te Whare Pora |
| | | Museum1. Mātauranga Māori objects (Taonga Māori - STEM)2. Te Ara Whariki – Te Wānanga o Aotearoa (Taonga Māori)3. Raranga display from the collection (Taonga Māori)4. Codebreakers, Women in Gaming |

Deliver a programme of balanced, exciting and frequently changing exhibitions.

| | | <u>Total:</u> Art – 9 exhibitions including 3 Toi Māori Science/STEM – 4 including 1 Mātauranga Māori Heritage – 4 including displays of recent acquisition items (<i>He Ara Whāriki, New</i> <i>Acquisitions</i> , Matariki-themed objects and bones. |
|--|----------|--|
| Investigate and trial an electronic visitor monitoring system to understand visitor interactions with Te Manawa | Achieved | Electronic visitor counters were trialled in the <i>Six Extinctions</i> exhibition along with a visitor survey (through Event Insights) from which we generated an economic impact report. Commissioned an electronic visitor counter to go live from 1 July which tracks visitation patterns. The manual and electronic counting system will remain in operation simultaneously for the first two months of implementation to compare data. |
| Develop a "Delivery of Excellence" Visitor Experience Strategy that incorporates physical spaces. | Achieved | The visitor experience strategy forms part of a broader 'roadmap for 2030' project and updated business plan which includes principles of manaakitanga, sustainability and cultural design. |

2. Enhanced learning and development

| Performance Measure | Status | Comments |
|---|--------------|---|
| Implement three new Mātauranga Māori learning programmes aligned with the Aotearoa New Zealand Histories Curriculum. | Not Achieved | After advice from <i>THEN: Histories of Pāmutana</i> , this was reduced to two programmes. These are now being offered. |
| Provide free education programmes to schools within the Palmerston North and Manawatū District Council boundaries. | Achieved | Te Manawa has provided free education programmes to 59 school groups within the Palmerston North and Manawatū District Council boundaries. |
| Seek external revenue to assist in cost of education programmes. | Achieved | While external revenue has been sought from two providers, both applications were unsuccessful. We continue to seek funding. |
| 4,000 students will participate in ELC Learning programmes. | Achieved | 4063 students have participated in ELC learning programmes from 1 July 2023 - 30 June 2024 |
| Develop a sector leadership role by providing opportunities for interns partnering with Massey University Museum Studies. | Achieved | Te Manawa has provided opportunities for a Marketing Intern from IPU and a Museums Studies Intern from Massey University and Victoria University, Wellington. |
| | | We currently have a 'Collections Intern' who will be embarking on a MA in Museums and Cultural Heritage at Auckland University next year. We also hosted a student from Feilding High School on her 'work day'. |
| Implement staffed public programmes for visitors during weekends and peak visitor periods. | Achieved | 46 staffed weekend public programmes delivered. |
| Develop networks with other non-school education programme providers. | Achieved | In August we partnered with Horizons Regional Council to host a sustainability hui for local teachers, attracting 40 teachers to the day- long event. |
| | | Staff from Wildbase visited Te Manawa to provide education activities to the public based on their mission. |

After school science programmes delivered in partnership with Manawatū Multicultural Council.

Provided venue for Kids' Market (for Manawatū Multicultural Council).

3. A collaborative and future-focused organisation

| Performance Measure | Status | Comments |
|--|----------|---|
| Continue to maintain strong relationships with Rangitāne at governance levels. | Achieved | Peter Te Rangi and Terry Hapi serve as Rangitāne representatives on the Te Manawa Trust Board. |
| Continue to honour and implement Te Tiriti o Waitangi partnerships with Rangitāne and other iwi of the region. | Achieved | CEO and team members meet regularly with members of Te Whirikōkō iwi leadership group via PNCC. |
| Develop clear kaupapa Māori direction and strategy for Te Manawa, incl. training and development opportunities. | Achieved | Regular staff waiata practice held to bolster tikanga confidence and participation. |
| | | Staff-initiated fellowship group for tāngata whenua, supported by management. |
| | | Katarina Gray-Sharp started as "Amorangi" in May, providing cultural advice regarding tikanga, and supporting Te Manawa in the development of its strategic objectives in this area. |
| | | Te Papa facilitated "Tikanga in Museums" full-day workshop for all staff |
| Implement two new Rangitāne Mātauranga Māori Learning Programmes. | Achieved | Two new Mātauranga Māori programmes are being delivered as in section one. |
| Collaborate with founding societies on two new initiatives to grow support for Te Manawa and generate donations. | Achieved | Discussions with Te Manawa Art Society to develop Manawatū Art Review partnership: a community arts engagement exercise and opportunity to develop stronger relationships with local artists and businesses for funding. |
| | | Te Manawa Museum Society is shoulder-tapping members and historians to research items in and for the collection relating to childhood (toys, games etc) in the Manawatū. They are writing and initiating articles for publication while providing input into the development of a related exhibition. |

| | | Science Centre Inc is enthusiastic to provide support, as well as contacts and potential funding opportunities for work on a new Science Centre, and is supporting the delivery of Science programmes and demonstrations. |
|---|--------------------|---|
| Strengthen the relationship with the New Zealand Rugby Museum through a collaborative project or partnership. | Achieved | Te Manawa acquired the Peter Bush Archive and will document and provide access to the collection in partnership with the Rugby Museum. |
| Collaborate with NZRM on a joint national marketing campaign. | Achieved / ongoing | The Peter Bush Archive and the launch campaign featuring prominent rugby imagery have provided a common starting point for joint promotions and messaging. |
| Grow philanthropic and sponsorship contributions to grow external revenue against strategic targets. | Achieved | External revenue targets have been exceeded. |
| Implement a fundraising programme that communicates the vitality of Museums and Galleries as essential to community identity and wellbeing. | Achieved | Our 'We Museum' campaign will form the basis of our fundraising and vitality campaign. Two videos and a dedicated webpage for recruitment have been developed and will contribute to this. A revenue strategy to support this has been developed and will be implemented. |
| Identify and nurture emerging artists and museum professionals to invest in the future of art and cultural expression and provide links to professional practice and advice. | Achieved | Exhibition projects with Massey University, Te Pūkenga/UCOL in the tertiary sector and MATA and Top Art in the secondary sector, enabling students to experience what it's like working with museum professionals such as curators, exhibition technicians and designers. |
| Continued commitment to environmental sustainability. Work closely with PNCC, as landlord, to understand plans to help the facility function in a more sustainable manner. Review systems with the aim to become digitised and reduce paper use by 30%. | Achieved | Replacement of all lighting with LED is complete. Worked with PNCC to renovate office and make it more efficient, creating dedicated, collaborative work spaces vs storage. This includes reducing our printers from |

| | | four to one and reducing our heat pumps by four. |
|---|--------------------|---|
| | | Paper towel recycling programme underway, paper-reduction targets set as part of workspace redevelopment. |
| | | Te Manawa has adopted the Tourism New Zealand Tiaki Promise, inspiring and helping visitors to travel safely and conscientiously. |
| | | Te Manawa is going paperlight/free from 1 July. The new financial system Wiise is going live in the first quarter of the new financial year. |
| Work with PNCC towards a new, purpose- built, energy efficient and sustainable Te Manawa complex. | Achieved / ongoing | CEO is part of the steering group for the city's cultural precinct. Te Manawa will continue to be proactive about identifying opportunities and advocating for efficiency, vibrancy and cultural design considerations. |
| Ongoing collaboration with tertiary partners. | Achieved | Hosted an IPU intern, Hosted a Victoria University intern, Hosted the Matatau Massey University Toioho Kī Āpiti Graduate exhibition, Hosted the UCOL/Te Pūkenga Graduate exhibition. |
| Maintain a Gold Qualmark standard through Tourism NZ (Hospitality and sustainability). | Achieved | Te Manawa maintains its gold status. |

COVID-19 Statement

Covid-19 continues to impact operations with additional pressure on maintaining base staffing levels (particularly at the front line with Visitor Hosts, Educators and Event staff).

Pandemic impacts on the economy including additional costs, availability of building materials and freight continue to affect our ability and decision-making around securing touring exhibitions. PNCC support enabled us to host *Six Extinctions* (currently open) – a replacement for a planned exhibition which was cancelled due to proximity and affordability.

Summary

The organisation continues to undergo a period of renewal. Changes are designed and implemented to respond to increased financial pressures, the ongoing pandemic and international political instability. The new management team has now spent one year in the role and has:

- Updated the Business Plan to include a roadmap 2030 outlining future development priorities, a revenue strategy and a visitor experience strategy aligned to the organisation's trust deed, vision and values, the Te Tiriti partnership and commitments to manaakitanga and sustainability.
- Reviewed the staffing structure and aligned jobs as part of the completed transition to the Strategic Pay remuneration system
- Implemented activity-based workspaces
- Begun work on new Visitor Experience and Revenue strategies
- Increased external revenue by 54% (compared to June 2023)
- Adopted a roadmap for 2030 to include upgraded public spaces, semi-permanent galleries, better sustainability and new touring products as we look toward a new facility as part of the city's cultural precinct aspirations.

We have reviewed our learning programmes following the successful application for ELC Funding (formerly LEOTC) from the Ministry of Education of \$60,000 per year for a period of three years and continue to offer these for free.

Well over 5000 items are now available to be viewed online through the Vernon catalogue. This includes the art, Pasifika and childhood toys and games collections. This has been a mammoth undertaking and the work here continues as we seek to unlock new ways to explore, search and engage with our unique and extensive collection.

Te Manawa Museums Trust Notes to the Financial Statements For the Year Ended 30 June 2024

1 Statement of Accounting Policies

Reporting entity

Te Manawa Museums Trust (the Trust) is a charitable trust incorporated in New Zealand under the Charitable Trusts Act 1957 and is domiciled in New Zealand. The Trust is controlled by Palmerston North City Council and is a Council Controlled Organisation as defined under section 6 of the Local Government Act 2002, by virtue of the Council's right to appoint more than 50% of the Board of Trustees.

The Trust was incorporated on 20 August 1999. From that date, the Trust assumed responsibility for art works and heritage assets transferred to its care but held on behalf of others. From 1 July 2000 the Trust commenced leasing the premises and managing the institution under agreements entered into with the Palmerston North City Council. The principal place of business is 326-336 Main Street, Palmerston North.

The primary objective of the Trust is to provide interactive experience in art, science and history through acquiring, conserving, researching, developing, communicating and exhibiting material evidence of people and their environment, rather than making a commercial return. Accordingly, the Trust has designated itself as a public sector public benefit entity for the purposes of Public Benefit Entity Accounting Standards (PBE Standards), in accordance with the Financial Reporting Act (2013).

The financial statements of the Trust are for the year ended 30 June 2024 and were approved by the Board of Trustees on 12 August 2024

Basis of Preparation

The financial statements have been prepared on the going concern basis, and the accounting policies have been applied consistently throughout the period.

Statement of Compliance

The financial statements of the Trust have been prepared in accordance with the requirements of the Local Government Act 2002, which includes the requirement to comply with New Zealand Generally Accepted Accounting Practice (NZ GAAP).

The Trust is a Tier 2 entity and the financial statements have been prepared in accordance with and comply with PBE Standards RDR. The Trust is eligible and has elected to apply PBE Standards RDR because its expenses are less than \$30 million and it does not have public accountability as defined by XRB A1 Application of theAccouning Standards Framework.

Measurement Base

The measurement basis applied is historical cost, modified by the revaluation of collection assets as identified in this summary of significant accounting policies. The accrual basis of accounting has been used unless otherwise stated.

Functional and Presentation Currency

The financial statements are presented in New Zealand dollars and all values are rounded to the nearest dollar. The functional currency of the Trust is New Zealand dollars (NZ\$).

Standards issued and not yet effective and not early adopted

There are no Standards and amendments that have been issued but are not yet effective and that have not been early adopted and that are relevant to the Trust are:

There have been no changes in accounting policies applied by the Trust.

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Revenue

Revenue is measured at fair value of consideration received or receivable. Revenue may be derived from either exchange or non-exchange transactions.

Revenue from Non-exchange transactions

Revenue from non-exchange transactions arises from transactions that are not exchange transactions. In nonexchange transactions, the Trust either receives value from or gives value to another party without directly giving or receiving approximately equal value in exchange.

Approximately equal value is considered to reflect a fair or market value, which is normally commensurate with an arm's length commercial transaction between a willing buyer and willing seller. Many of the services that the Trust provides for a fee are charged at below market value as they are subsidised by Palmerston North City Council operational grant, sponsorship, government/non-government grants. Other services operate on a cost recovery or breakeven basis and are not considered to reflect a market return. Most of the Trust's revenue is therefore categorised as non-exchange.

This includes PNCC grants, transfers from government/non-government entities, donations, donated/vested and custodial collection items, sponsorship, " in kind' sponsorship, revenue from services supplied at subsidised price.

Specific accounting policies for major categories of revenue from non-exchange transactions are outlined below:

Grants

Grants received from PNCC are the primary source of funding to the Trust and are restricted for the purposes of the Trust meeting its objectives as specified in the Trust's trust deed.

Revenues from non-exchange transactions with Council/other government/non-government entities are measured at fair value and recognised when the event occurs and the asset recognition criteria are met, if the transfer is free from conditions and it is probable that the economic benefits or service potential related to the asset will flow to the Trust and can be measured reliably. To the extent that there is a related condition attached that would give rise to a liability to repay the amount if conditions of the grant are not met, deferred income is recognised instead of revenue, and recognised as revenue when conditions of the grant are satisfied.

Rendering of services

Revenue from the rendering of services is recognised when the transaction occurs to the extent that a liability is not also recognised. For these transactions the revenue is recognised by reference to the stage of completion of the transaction at the reporting date.

All revenues from rendering of services are non-exchange, with the exception of revenue from Venue Hire which is classified as exchange transaction.

Vested or donated physical assets

Where a physical asset is gifted to or vested in the Trust for nil or nominal consideration, the fair value of the asset received is recognised as revenue. Such income is recognised when control over the asset is obtained, unless there is a use or return condition attached to the asset.

The fair value of vested or donated physical assets is determined by reference to the market value of comparable assets available.

'In Kind' Sponsorship

The Trust receives sponsorship 'in kind' by way of goods and services provided at discounted or nil charge. Where the fair value of these goods and services can be reliably measured, the income (and expense) is recognised as 'sponsorship - in kind' in the period in which the goods or services are received or there is a binding arrangement to receive the goods.

Volunteer Services

Volunteer services received are not recognised as revenue or expenditure as the Trust is unable to reliably measure the fair value of the services received.

Revenue from Exchange transactions

Sales of goods

Revenue from the sale of goods is recognized when the significant risks and rewards of ownership have been transferred to the buyer, usually on delivery of the goods and when the amount of revenue can be measured reliably and it is probable that the economic benefits or service potential associated with the transaction will flow to the Trust.

Interest Income

Interest income is recognised using the effective interest method.

Advertising Costs

Advertising costs are expensed when the related service has been rendered.

Borrowing Costs

Interest expense is recognised using the effective interest rate method. All borrowing costs are expensed in the period in which they are incurred.

Depreciation and amortisation

Depreciation of property, plant and equipment and amortisation of intangible assets are charged on a straightline basis over the estimated useful life of the associated assets.

Leases

Finance Leases

A finance lease is a lease that transfers to the lessee substantially all the risks and rewards incidental to ownership of an asset, whether or not title is eventually transferred.

At the commencement of the lease term, finance leases are recognised as assets and liabilities in the statement of financial position at the lower of the fair value of the leased item or the present value of the minimum lease payments.

The finance charge is charged to the surplus or deficit over the lease period so as to produce a constant periodic rate of interest on the remaining balance of the liability.

The amount recognised as an asset is depreciated over its useful life. If there is no certainty as to whether the Trust will obtain ownership at the end of the lease term, the asset is fully depreciated over the shorter of the lease term and its useful life.

Operating Leases

An operating lease is a lease that does not transfer substantially all the risks and rewards incidental to ownership of an asset. Lease payments under an operating lease are recognised as an expense on a straight-line basis over the lease term.

Lease incentives received are recognised in the surplus or deficit over the lease term as an integral part of the total lease expense.

Cash and cash equivalents

Cash and cash equivalents includes cash on hand, deposits held at call with banks, other short-term highly liquid investments with original maturities of three months or less, and bank overdrafts.

Bank overdrafts are presented within borrowings as a current liability in the statement of financial position.

Debtors and other receivables

Short term receivables are recorded at the amount due, less an allowance for expected credit losses(ECL). The Trust applies the simplified ECL model of recognising lifetime ECLs for short-term receivables. In measuring ECLs, short-term receivables have been assessed on a collective basis because they possess shared credit risk characteristics. They have then been grouped based on the days past due. A provision is then made based on historical credit issues, and adjusted for any expected forward factors specific to individual debtors. Short -term receivables are written off when there are no expectations of recovery such as the debtor being in liquidation or the receivable being more than six months overdue.

Other Financial Assets

Other financial assets are initially recognised at fair value. They are then classified as , and subsequently measured under, the following categories:

amortised cost:

•fair value through other comprehensive revenue and expense (FVTOCRE): and

• fair value through surplus and deficit (FVTSD).

Transaction costs are included in the value of the financial asset at initial recognition unless it has been designated at FVTSD, in which case it is recognised as surplus or deficit.

The classification of a financial asset depends on its cash flow characteristics and the Trust's policy for managing them.

A financial asset is classified and subsequently measured at amortised cost if it gives rise to cash flows that are "solely payments of principal and interest (SPPI)" on the principal outstanding and is held where the Trust's objective is to collect the contractual cash flows of the asset.

A financial asset is classified and subsequently measured at FVTOCRE if it gives rise to cash flows that are SPPI and held where the Trust's objective is to collect the contractual cash flows and sell the financial assets.

Financial assets that do not meet the criteria to be measured at amortised cost or FVTOCRE are subsequently measured at FVTSD.

Subsequent measurement of financial assets at amortised cost

Financial assets classified at amortised cost are subsequently measured at amortised cost using the effective interest method., less any expected credit losses(ECL).

Where applicable, interest accrued is added to the investment balance. Instruments in this category include term deposits.

Inventories

Inventories held for distribution or consumption in the provision of services that are not supplied on a commercial basis are measured at cost (using the FIFO method), adjusted, when applicable, for any loss of service potential.

Inventories acquired through non-exchange transactions are measured at fair value at the date of acquisition.

Inventories held for use in the provision of goods and services on a commercial basis are valued at the lower of cost (using the FIFO method) and net realisable value.

The amount of any write-down for the loss of service potential or from cost to net realisable value is

recognised in the surplus or deficit in the period of the write-down.

Property, Plant and Equipment

Items of property, plant and equipment are stated at historical or deemed cost, less accumulated depreciation and impairment losses. Where parts of an item of property, plant and equipment have different useful lives, they are accounted for as separate items of property, plant and equipment.

Additions

The cost of an item of property, plant and equipment is recognised as an asset only when it is probable that service potential associated with the item will flow to the Trust and the cost of the item can be measured reliably.

In most instances, an item of property, plant and equipment is initially recognised at its cost. Where an asset is acquired at no cost, or for a nominal cost, it is recognised at fair value when control over the asset is obtained.

Any net proceeds earned while bringing an asset into use and relevant costsarerecognised in surplus or deficit rather than being deducted from the asset cost recognised.

Disposals

Gains and losses on disposals are determined by comparing the proceeds with the carrying amount of the asset. Gains and losses on disposals are presented net in the surplus or deficit.

Work in Progress

All assets constructed by Trust are initially recorded as work in progress. Work in progress is recognised at cost less impairment and it is not depreciated. Upon completion, these assets are transferred to their relevant asset class and depreciation commences.

Subsequent costs

Costs incurred subsequent to initial acquisition are capitalised only when it is probable that service potential associated with the item will flow to the Trust and the cost of the item can be measured reliably.

The costs of day-to-day servicing of property, plant, and equipment are recognised as an expense as they are incurred.

(a) Furniture, Equipment and Exhibits

Furniture, equipment and exhibits (excluding art and heritage collections) are valued at cost less accumulated depreciation and impairment losses.

Depreciation

Assets are depreciated on a straight-line basis at rates that will write off their cost less any estimated residual value over the expected useful life of the asset. The useful lives of major classes of assets have been estimated as follows:

| Computer Hardware | 1 to 5 years |
|------------------------|---------------|
| Exhibitions | 2 to 10 years |
| Furniture & Fittings | 4 to 10 years |
| Leasehold Improvements | 4 to 10 years |
| Office Equipment | 4 to 10 years |
| Plant and Equipment | 4 to 20 years |
| | |

The residual value and useful life of an asset is reviewed, and adjusted if applicable, at each financial year end.

(b) Collection Assets

As the Heritage Collection and Art Collection assets are intended to have an indefinite life, they are held in trust in perpetuity for the benefit of the public.

The Heritage Collection and Art Collection have not been depreciated, as it is the Trust's policy to maintain the collections in their current state, in accordance with the Trust's Collection Policies.

All additions to the Heritage and Art Collection are recorded at cost. These additions will be revalued in accordance with the Trust's Valuation Policy. Donated objects are recorded at fair value, or depreciated replacement cost, or nil value if considered unrealisable or irreplaceable.

Custodial Collection Assets are objects within the Heritage and Art Collections not formally owned by the Trust, where the Trust has assumed all the rights and obligations of ownership. Within the Heritage Collection this is limited to items on loan for an indefinite period, excluding works on loan from other Museums and Cultural organisations. In relation to the Art Collection, the nature of artworks and anecdotal evidence suggests that there is a high likelihood of request for return of loaned assets, irrespective of the loan period, therefore only items on loan from the Te Manawa Art Society Inc. are recognised as custodial assets. These assets are held and maintained by the Trust by agreement with the owners.

Revaluation

The Art and Heritage Collections assets are revalued to fair value as determined from market -based evidence by an independent valuer. The collections are valued with sufficient regularity to ensure that their carrying amount does not differ materially from fair value, and at least every three years for Art Collection Assets and at least every five years for Heritage Collection assets.

All other asset classes are carried at depreciated historical cost.

Accounting for Revaluations

The results of revaluing are credited or debited to an asset revaluation reserve. Where this results in a debit balance in the asset revaluation reserve, this balance is charged to the surplus or deficit. Any subsequent increase on revaluation that off-sets a previous decrease in value recognised in a previous year surplus or deficit, will be recognised first in the surplus or deficit up to the amount previously expensed, and then credited to the revaluation reserve.

Intangible Assets

Recognition and measurement

Intangible assets are initially measured at cost, except for Intangible assets acquired through non-exchange transactions (measured at fair value).

All of the Trust's intangible assets are subsequently measured in accordance with the cost model, being cost (or fair value for items acquired through non-exchange transactions) less accumulated amortisation and impairment, except for the items which are not amortised and instead tested for impairment such as Intangible assets with indefinite useful lives, or not yet available for use. The Trust has no intangible assets with indefinite useful lives.

Software acquisition and development

Acquired computer software licenses are capitalised on the basis of the costs incurred to acquire and bring to use the specific software.

Costs that are directly associated with the development of software for internal use are recognised as an intangible asset. Direct costs include the software development employee costs and an appropriate portion of relevant overheads.

Staff training costs are recognised in the surplus or deficit when incurred. Costs associated with maintaining computer software are recognised as an expense when incurred. Costs associated with development and maintenance of the Trust's website are recognised as an expense when incurred.

Subsequent expenditure

Subsequent expenditure is capitalised only when it increases the future economic benefits embodied in the specific asset to which it relates. All other expenditure, including expenditure on internally generated goodwill and brands, is recognised in surplus or deficit as incurred.

Amortisation

Amortisation is recognised in surplus or deficit on a straight-line basis over the estimated useful lives of each amortisable intangible asset. Amortisation begins when the asset is available for use and ceases at the date that the asset is disposed of.

The estimated useful lives are as follows:

Software Website

Amortisation methods, useful lives and residual values are reviewed at each reporting date and adjusted if appropriate.

1 to 7 years

Impairment of property, plant and equipment and intangible assets

For the purpose of impairment of Property, plant and equipment and intangible assets, which are carried at cost less accumulated depreciation and impairment losses, the Trust classifies its items of property plant and equipment and intangibles as non-cash generating assets, as these are not held

with the primary objective of generating a commercial return, but rather for service delivery purposes and to deliver to Trust's public benefit objectives. Property, plant, and equipment and intangible assets that have a finite useful life are reviewed for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. An impairment loss is recognised for the amount by which the asset's carrying amount exceeds its recoverable amount. The recoverable amount is the higher of an asset's fair value less costs to sell and value in use.

Value in use for non-cash-generating assets

For Trust's non-cash generating assets, value in use is determined based on either a depreciated replacement cost approach, restoration cost approach, or a service units approach. The most appropriate approach used to measure value in use depends on the nature of the impairment and availability of information.

Value in use for cash-generating assets

Cash-generating assets are those assets that are held with the primary objective of generating a commercial return. The value in use for cash-generating assets is the present value of expected future cash flows. The Trust does not currently hold property plant and equipment and intangible assets in this category.

If an asset's carrying amount exceeds its recoverable amount, the asset is regarded as impaired and the carrying amount is written-down to the recoverable amount. The total impairment loss is recognised in the surplus or deficit. The reversal of an impairment loss is recognised in the surplus or deficit.

For revalued assets, the impairment loss is recognised against the revaluation reserve for that class of asset. Where that results in a debit balance in the revaluation reserve, the balance is recognised in the surplus or deficit.

The reversal of an impairment loss on a revalued asset is credited to other comprehensive revenue and expense and increases the asset revaluation reserve for that class of asset. However, to the extent that an impairment loss for that class of asset was previously recognised in the surplus or deficit, a reversal of the impairment loss is also recognised in the surplus or deficit.

Creditors and Other Payables

Short-term creditors and other payables are measured at the amount payable.

Borrowings

Borrowings are initially recognised at their fair value plus transaction costs, if any. After initial recognition, all borrowings are measured at amortised cost using the effective interest method.

Borrowings are classified as current liabilities unless the Trust has an unconditional right to defer settlement of the liability for at least 12 months after balance date or if the borrowings are not expected to be settled within 12 months of balance date.

Employee Entitlements

Short-term employee entitlements

Employee benefits expected to be settled within 12 months after the end of the period in which the employee renders the related service are measured based on accrued entitlements at current rates of pay. These include salaries and wages accrued up to balance date and annual leave earned to, but not yet taken at balance date. Sick leave has not been included, as the amount of accumulated sick leave that is anticipated to be taken in future periods is not considered to be material.

Long-term employee entitlements

Employee benefits that are due to be settled beyond 12 months after the end of the period in which the employee renders the related service, such as long service leave have been calculated on an actuarial basis. The calculations are based on:

- likely future entitlements accruing to staff, based on years of service, years to entitlement, the likelihood that staff will reach the point of entitlement, and contractual entitlement information; and
- the present value of the estimated future cash flows.

Provisions

A provision is recognised for future expenditure of uncertain amount or timing when there is a present obligation (either legal or constructive) as a result of a past event, it is probable that expenditures will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. Provisions are not recognised for future operating losses.

Provisions are measured at the present value of the expenditures expected to be required to settle the obligation using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the obligation. The increase in the provision due to the passage of time is recognised in 'finance costs'.

Foreign currency transactions

PBE IPSAS 4.24,32 Foreign currency transactions (including those subject to forward foreign exchange contracts) are translated into NZ\$ (the functional currency) using the spot exchange rate at the dates of the transactions. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation at year-end exchange rates of monetary assets and liabilities denominated in foreign currencies are recognised in the surplus or deficit.

Goods and Services Tax (GST)

All items in the financial statements are stated exclusive of Goods and Services Tax (GST), except for trade receivables and payables, which are stated on a GST inclusive basis. Where GST is not recoverable as input tax then it is recognised as part of the related asset or expense.

The net amount of GST recoverable from, or payable to, the Inland Revenue Department (IRD) is included as part of receivables or payables in the statement of financial position.

The net GST paid to, or received from the IRD, including the GST relating to investing and financing activities, is classified as an operating cash flow in the statement of cash flows.

Commitments and contingencies are disclosed exclusive of GST.

Income Tax

The Trust is exempt from Income Tax by virtue of its charitable status.

Equity

Equity is measured as the difference between total assets and total liabilities. Equity is disaggregated and classified into the following components.

- Trust's contributed capital;
- Retained earnings;
- Restricted reserves;
- Collections revaluation reserve;

Restricted reserves

Restricted reserves are a component of equity generally representing a particular use to which various parts of equity have been assigned. Reserves may be legally restricted or created by the Trust.

Restricted reserves include those subject to specific conditions accepted as binding by the Trust and which may not be revised by the Trust without reference to the Courts or a third party (i.e. endowment funds). Transfers from these reserves may be made only for certain specified purposes or when certain specified conditions are met.

Also included in restricted reserves are reserves restricted by the Trust's decision. The Trust may alter them without reference to any third party or the Courts. Transfers to and from these reserves are at the discretion of the Trust.

Budget figures

The budget figures are derived from the Statement of Intent as approved by the Board at the beginning of the financial year. The budget figures have been prepared in accordance with NZ GAAP, using accounting policies that are consistent with those adopted by the Board of Trustees in preparing these financial statements

Critical Accounting Estimates and Assumptions

In preparing these financial statements, the Trust has made estimates and assumptions concerning the future. These estimates and assumptions may differ from subsequent actual results. Estimates and assumptions are continually evaluated and are based on historical experience and other factors, including expectations or future events that are believed to be reasonable under the circumstances.

The estimates and assumptions that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year are discussed below:

Property, Plant and Equipment Useful Lives and Residual Values

The Trust reviews the useful lives and residual values of its property, plant and equipment annually. Assessing the appropriateness of useful life and residual value estimates of property, plant and equipment requires the Trust to consider a number of factors including the physical condition of the asset, expected period of use of the asset by the Trust, and expected disposal proceeds from the future sale of the asset.

An incorrect estimate of the useful life or residual value will impact on the depreciable amount of an asset, therefore impacting on the depreciation expense recognised in the surplus or deficit and the carrying amount of the asset in the statement of financial position. The Trust minimises the risk of this estimation uncertainty by:

- physical inspection of assets;
- asset replacement programmes;
- review of second hand market prices for similar assets; and
- analysis of prior asset sales.

The Trust has not made significant changes to past assumptions concerning useful lives and residual values.

Critical Judgements in applying the Trust's accounting policies

There have been no specific areas requiring management or Trustees to exercise critical judgement in applying the Trust's accounting policies for the period ended 30 June 2024.

Valuation

Heritage Collection

The owned and custodial heritage collections were independently valued in May 2020 at \$2,740,094 for the owned heritage collection, and \$1,193,422 for the custodial heritage collection. The revaluation was undertaken by Ashley and Associates Auckland. The collection was valued based on fair value at the date of revaluation, by reference to price in an active market. A fair value asssessment of the collection was carried out by Aon New Zealand at 30 June 2024 and it was not deemed necessary to revise the current book value.

Art Collection

Because the New Zealand art market has been bouyant over the last few years a re-valuation was carried out at 30 June 2023. The collection was valued by Art+ Object based on fair value at the date of revaluation, by reference to price in an active market and comparison by the valuer to the value of similar items held in other institution,s as well as comparison with recent auction sales both nationally and internationally. A fair value assessment was conducted at 30 June 2024. The outcome was an uplift in value of \$1,523,609

No Collection assets are pledged as security as at 30 June 2024(2023: \$nil).

20 Commitments

Lease of the premises from the Council - Period of Agreement

The Trust has a contract with Palmerston North City Council to lease the premises in which its activities are situated, effectively on a rent-free basis. The term of the lease has been renewed for a period of nine years, starting with 1 July 2018, with a variation to allow sub-leasing to New Zealand Rugby Museum subject to Palmerston North City Council consent.

Other Non- Cancellable Operating Leases as a lessee

The Trust leases property, plant and equipment/has non-cancellable operating contracts for service as part of the normal course of its business. The majority of these leases have a non-cancellable term between 12 and 48 months. The future aggregate minimum lease payments to be paid under non-cancellable operating leases are as follows:

The Trust has a commitment with Thyme Technologies for the installation of software amounting to \$32,000

21 Contingencies

The Trust Board has no contingent liabilities at 30 June 2024. (2023: \$nil).

Related Party Transactions

22 Controlling Entity

The Trust is a Council Controlled Organisation, controlled by Palmerston North City Council (PNCC).

Te Manawa Museums Trust is a Council Controlled Organisation as defined in the Local Government Act 2002, accountable to the Palmerston North City Council. Under the Trust Deed the Board shall consist of not less than five or more than nine Trustees, of which Council may appoint up to five, Tangata Whenua may appoint up to two and the Board may co-opt up to two. Board may co opt up to two.

| Transactions carried out with PNCC are as follows: Received from PNCC Operating Grant Contribution to Art auction Operating expenses Items for Japanese Exhibition Venue Hire | 2023 \$ 3,756,570 | 2023 \$ 3,352,361 522 |

Te Manawa provided free venue hire to PNCC Library and Community services with a market value of nil (2023:nil) Disclosure of arms length transactions

PBE IPSAS 20 only requires disclosure for transactions that are not at arms length. Te Manawa has made extra disclosures for the sake of transparency.

37,474

24,200

Water rates are paid at market rates and are disclosed for transparency purposes.

SLA Agreement for provision of IT services

Owing to PNCC at 30 June 2024

While Te Manawa pays for this service (29k p/a), Te Manawa cannot establish that it was paid at arms length given that the service was provided due to the parent/ CCO relationship, e.g. Te Manawa did not go out to the market to tender for the service.

In addition to the above transactions, the premises occupied by The Trust are owned by Palmerston North City Council and effectively provided by Palmerston North City Council as an additional grant. The market value of this Grant/Rent is \$1,094,233. In addition, PNCC provides human resources advisory services free of charge to Te Manawa with a market price of \$24,000.

(ii) Key Management Personnel

The Trust classifies its key management personnel into:

- Trustees in the Board of Trustees as the governing body
- Chief Executive and members of the Management Team

The Trustees are paid honoraria for each Board of Trustees meeting attended during the period. Members of the Management Team are employed as employees of the Trust, on normal employment terms.

The aggregate level of remuneration paid and number of persons (measured in "people" for the Trustees and "full time equivalent" (FTE's) for the members of the Leadership Team in each class of key management personnel is presented below:

| | 2024 | | 2023 | |
|---|--------------|-------------------|--------------|----------------------|
| | Remuneration | Number of persons | Remuneration | Number of Persons |
| Trustees | 24,616 | 9 | , | 7* |
| Management Team | 682,002 | 5.8 | 563,829 | 5.5 |
| Total Koy Management Percennel Compensation | 706 619 | | #VALUE1 | |

 Total Key Management Personnel Compensation
 706,618
 #VALUE!

 * Due to the difficulty in determining the full-time equivalent for Trustees, the figure is taken as the number of Trustees.As a result of the rotation of Trustees during the year there were 11 trustees included in the payment
 #VALUE!

 result of the rotation of Trustees during the year there were 11 trustees included in the payment
 of \$24,616 but only 9 Trustees remained on the Board

at year end.

| Total Financial Liabilities Measured at | | |
| Amortised Costs | 457,631 | 335,076 |
| | | |

Financial Instruments Risks

The Trust is risk averse and seeks to minimise the exposure from its treasury activities. There has been no change in the assessment of risk from prior years

Market Risk

The interest rates on the Trust's investments are disclosed in notes 9 and 12.

Fair Value Interest Rate Risk

Fair value interest rate risk is the risk that the value of a financial instrument will fluctuate due to changes in market interest rates. The Trust's exposure to fair value interest rate risk is limited to its fixed interest borrowings which at balance date were nil (30 June 2023: \$nil) and bank deposits. However, because these borrowings and bank deposits are not accounted for at fair value, fluctuations in interest rates do not have an impact on the surplus / deficit of the Trust or the carrying amount of the financial instruments recognised in the statement of financial position.

Cash Flow Interest Rate Risk

Cash flow interest rate risk is the risk that the cash flows from a financial instrument will fluctuate because of changes in market interest rates. Borrowings and investments issued at variable interest rates expose the Trust to cash flow interest rate risk.

The Trust currently has no variable interest rate debt.

Currency Risk

Currency risk is the risk that the value of a financial instrument will fluctuate due to changes in foreign exchange rates. From time to time the Trust enters into contracts for exhibitions which require payment in overseas currency, which present limited exposure to changes in exchange rates.

Credit Risk

Credit risk is the risk that a third party will default on its obligation to the Trust, causing the Trust to incur a loss. Due to the timing of its cash inflows and outflows, the Trust invests surplus cash with registered banks. Financial instruments, which potentially subject the Trust to credit risk, consist of bank balances and the current account balance with the Palmerston North City Council. No particular management strategy is in place in respect of amounts owed by Palmerston North City Council, after having regard to its financial strength as a body empowered to levy rates.

The Trust's maximum credit exposure for each class of financial instrument is represented by the total carrying amount of cash equivalents (note 9), short term investments and debtors and receivables (note 10 and note 11). There is no collateral held as security against these financial instruments, including those instruments that are overdue or impaired.

The Trust has no significant concentrations of credit risk, as it has small numbers of typically low value credit customers (predominantly schools) and only invests funds with registered banks which have a Standard and Poor's credit rating of at least A --.

Cash on call and term investments were placed with Westpac New Zealand Limited. The credit ratings for Westpac and BNZ at 30 June 202 were AA- from Standard & Poor's (2023: AA-).

There are no procedures in place to monitor or report the credit quality of debtors and other receivables with reference to internal or external credit ratings.

Liquidity Risk

Liquidity risk is the risk that the Trust will encounter difficulty raising liquid funds to meet commitments as they fall due. Prudent liquidity risk management implies maintaining sufficient cash, the availability of funding through an adequate amount of committed credit facilities and the ability to close out market positions. The Trust aims to maintain flexibility in funding by maintaining sufficient short term investments.

Contractual maturity analysis of financial liabilities

The Trust's financial liabilities are limited to creditors and other payables (*Note 14*) these are payable in less than one year. The contractual cash flow is equal to the carrying amount.

25 Funding from Community Organisations

Te Manawa is grateful to the following organisations which have contributed with funding for various projects:

| Grantor/Donor | 2024 \$ | 2023 \$ |
|-------------------------------------|------------|------------|
| UCOL | 13,043 | 13,000 |
| Yorb | 5,000 | 5,000 |
| Lotteries | 40,812 | 79,255 |
| Lion Foundation | 40,000 | 0 |
| Acland Foundation | 13043 | 0 |
| Eastern and Central Community Trust | 0 | 5,000 |

26 Capital Management

The Trust's capital is its equity, which comprises Trust capital and retained surpluses. Equity is represented by net assets.

The Trust Deed requires the Board of Trustees to prudently manage its revenues, expenses, assets, liabilities, investments, and general financial dealings. The Trust's equity is largely managed as a by- product of managing revenues, expenses, assets, liabilities, investments and all financial dealings. There were no externally imposed capital requirements during the period (2023: \$nil).

refurbishment

The objective of managing the Trust's equity is to ensure the Trust effectively achieves its objectives and purpose, while remaining a going concern.

27 Explanation of Major Variances Against Budget

Explanations for major variations from the Trust's budgeted figures in the 30 June 2024 Statement of Intent are as follows:

Statement of Comprehensive Revenue and Expenses

Revenue

Other Operating Revenue is \$556,600 which is \$87,110 above budget of \$469,490. As well as Community grants as listed , significant sponsorship was obtained for The Paul Dibble and Brian Elliot exhibitions. Expenses Payroll exceeded budget by \$151,194 as the result of fixed term staff being engaged to commence archiving the Peter Bush collection as well resuting from the implementation of Strategic Pay. Other Operating Expenses were \$163,360 below budget as the result of delays on planned projects such as the of Sunlight and the development of a Science Centre. \$90,000 of operating expenditure was repurposed to increase capital expenditure on those projects. Recognition / (Derecognition) of Collection Assets Some taxidermied birds were deaccessioned.

Statement of Changes in Net Assets/Equity

\$200,000 of the operating surplus of \$262,746 transferred to the Exhibition Development Fund to finance continuing development of the afore mentionned projects.

Statement of Financial Position

The budgets for the Statement of Financial Position for receivables and pavables are set on base numbers. The actual balance can be highly variable depending on the content and timing of scheduled activities. The most significant movements are: Cash and cash equivalents are \$290,428 below budget and Short term deposits are \$630,540 above budget with an overall total of cash resources above budget of \$409,682.

The forecast spend on purchasing Fixed Assets (mainly exhibition development) was \$424,190 but only \$161,843, was spent after priorities had been reassessed by the incoming Chief Executive.

After a fair value assessment of the Art and Heritage Collection assets, the value of the art collection was increased by \$1,523,609 (2023:\$699,599) Only \$19,783 was spent on new acquisitions for the art collection from a budget of \$60,000.

Statement of Cash Flows

The variances in the Statement of Cash Flow are a direct result of the items mentioned above.
