Analytical Report

COA No: 24/09427-1

P: +64 6 351 4475
 E: cenlab@cenlab.co.nz

Palmerston North City Council
 Water Unit
 Private Bag 11034
 Palmerston North

Compliance of samples tested are assessed according to 'Water Services (Drinking Water Standards for New Zealand) Regulations 2022'

Date received: 06/12/2024

Time received: 11:53

Sampled by: Courtney Brown

Sample date: 06/12/2024

Sample type: Treated

Sample	Test	Result	Units	Comments	Uncertainty
24/09427-01		Sample time: 08:15	Order no.: PO 4061		
Turitea Water Treatment Plant TP00147	Fluoride	0.77	g/m ³	Complies with MAV of 1.5	
24/09427-02		Sample time: 09:19	Order no.: PO 4064		
Papaioea Park Bore Station TP00148	Fluoride	0.81	g/m ³	Complies with MAV of 1.5	
24/09427-03		Sample time: 09:04	Order no.: PO 4064		
Takaro Bore Station TP00149	Fluoride	0.79	g/m ³	Complies with MAV of 1.5	
24/09427-04		Sample time: 09:51	Order no.: PO 4064		
Roberts Line Bore Station TP00150	Fluoride	0.66	g/m ³	Complies with MAV of 1.5	
24/09427-05		Sample time: 09:30	Order no.: PO 4064		
Keith Street Bore Station TP02023	Fluoride	0.79	g/m ³	Complies with MAV of 1.5	
24/09427-06		Sample time: 11:11	Order no.: PO 4075		
Ashhurst Bore Station TP00158	Fluoride	0.79	g/m ³	Complies with MAV of 1.5	
24/09427-07		Sample time: 10:38	Order no.: PO 4064		
Bunnythorpe Bore Station TP01205	Fluoride	0.63	g/m ³	Complies with MAV of 1.5	
24/09427-08		Sample time: 08:53	Order no.: PO 4064		
Longburn Bore Station	Fluoride	0.70	g/m ³	Complies with MAV of 1.5	

Sample	Test	Result	Units	Comments	Uncertainty
TP00384					
24/09427-09	Sample time: 10:30	Order no.: PO 4064			
Railway Road Bore Station TP04022	Fluoride	0.82	g/m ³	Complies with MAV of 1.5	

< is less than > is more than, g/m³ is equivalent to mg/L and ppm, MAV - Maximum Acceptable Value. GV - Guideline Value

Notes:

Test Methodology:

Test Code	Test	Methodology	Detection Limit
F.002CG	Fluoride	APHA 24th Ed. 4110 B	0.1 g/m ³

Test analysis was initiated on 06/12/2024.

Carrie-Ann Leighton

This Laboratory is accredited by International Accreditation New Zealand.
 Tests and sampling procedures have been performed in accordance with the conditions of our accreditation.
 Where not supplied test methods, detection limits and uncertainties are available on request.
 When samples are collected by the client or an agent of the client, results reported apply only to samples as received at the Laboratory.
 This report shall not be reproduced except in full, without the written approval of this laboratory.
